

INAM-Pro+

An upgraded version of INAM-Pro (www.inampro.nic.in) is now functional to cater to your Infrastructure Material requirements in a more efficient manner. The Buyers' User Manuals uploaded on INAM-Pro Home Page lucidly explain additional functionalities for the Procurement process.

What's new?

The procurement process has been simplified by allowing the Buyers to receive quote from the Cement Companies in the transaction cycle. This procedure ensures transparency, cost-effectiveness and ease of doing business. If you have any queries, feel free to contact us at our Toll-free no. 1800 200 3399.

The ordering process for INAM-Pro+ has been revised now to include quotation cycle before placing any order. Therefore, any Buyer can request quote from different companies and choose Seller as per his requirement. Once Seller generated quote gets confirmed by Buyer, a payment link will appear in the order page to pay online.

Buyers can pay online for their order amount without any transaction charge.
